

Consigning Guidelines, Standards & What to Sell

Seasonal & Holiday Events

Last updated February 12, 2026

SAFETY GUIDELINES

Baby and child safety is WeeUsables' number one priority. Please carefully read the important information below to ensure the items you choose to consign meet our safety expectations.

- Please refer to the following to ensure your items are not recalled and follow our safety guidelines:
 - www.cpsc.gov
 - www.anchorit.gov
 - www.kidsindanger.org
 - www.saferproducts.gov
- When possible, please include owner's manuals and manufacturer-provided safety info.
- Be sure packaging for items with small pieces are sealed and contained so young shoppers are not at risk for choking or ingestion hazards while on our sales floor.
- Please no straight pins of any kind as we do not provide our shoppers with thimbles!

QUALITY STANDARDS

Most importantly, when considering items to consign, please remember WeeUsables is NOT a yard sale. **"Wee" take quality seriously.** Also, per the consignor waiver, the following fees may apply:

- **\$15 – for over 15 items pulled for quality issues and for each additional 15 items**
- **\$15 – for over 15 tags that are unable to be scanned at checkout**
- **Batteries** – all electronic items must contain new, working batteries.
 - NEW FOR SPRING '26** – Replacement battery charges:
 - **\$2**/per AA or AAA battery
 - **\$3**/per 9-V, C or D battery
- **NEW FOR SPRING '26** – We reserve the right to charge **15%** of tagged price for items that do not meet our quality expectations and require cleaning by the Quality Team in order to be sold. The fee of **15%** of the tagged price will be deducted from the consignor's earnings. If the item is found to need more than a light cleaning, it will be pulled from the sales floor.
- **Returned Items – 40% of the selling price** – While all sales are final at WeeUsables Consignment Events, there are extenuating circumstances in which, based on the sole discretion of WeeUsables, a full return and refund is warranted based on a sold product not meeting the consigning guidelines, standards, and what to sell rules. In these instances, WeeUsables will be retaining a 40% fee of the original selling price of the returned item. This 40% fee will be deducted from the seller's consignor earnings that is paid out at the end of the sale.
